

Apologetics of Islam and the errors of Quran.

We know that Islam declares that their prophet is inspired but we can show that he is lead by a spirit of confusion not from God.

The authors of the Hadith are attested accounts of mohameds companions held at the same level of authority as the Quran.

We see that in the Hadith the major end times Character the muslims call the Antchrist.

There is simple confusion on his character.

We see that they say the Dajjal is **blind in the left eye**.

Sahih Muslim 2934a

Dajjal is blind of left eye with thick hair and there would be a garden and fire with him and his fire would be a garden and his garden would be fire.

Then we see the declaration from the prophet that the Dajjal is **blind in the right eye**.

Ad-Dajjal was mentioned in the presence of the Prophet. The Prophet said, "Allah is not hidden from you; He is not one-eyed," and pointed with his hand towards his eye, adding, "While Al-Masih **Ad- Dajjal is blind in the right eye** and his eye looks like a protruding grape."

These are clearly simple things that are confused because the author of these writings is from a confusing spirit that's making things up as it goes.

This proves mohamed was not a prophet of God and that the hadith cannot be taken as truth.
