

Wall of Soldiers

The Wall and the Row of the Soldiers of the 144000.

The prophet Ezekiel was told how to measure the cubit.

Not all the measurement of Cubit was the same. Sometimes theyd have alterations of the Cubit.

Ezek 43:13 And these are the measures of the altar **after the cubits: The cubit is a cubit and an hand breadth**; even the bottom shall be a cubit, and the breadth a cubit, and the border thereof by the edge thereof round about shall be a span: and this shall be the higher place of the altar.

This cubit was not just the Cubit of 18 inches it was also a handbreadth which was 4 inches.

The Cubit used was an elbow length and a hand width in measure so it was 18 inches + 4 inches.

This was the measure of a physical body to be seen to use definition of the Cubit used to measure.

The standard for the rest of this measuring for the Altar was to be used as the Cubit of 22 inches.

Ezek 43:14 And from the bottom upon the ground even to the lower settle shall be two cubits, and the breadth one cubit; and from the lesser settle even to the greater settle shall be four cubits, and the breadth one cubit.

Now we get to the Altars measurement.

Ezek 43:15 So the altar shall be four cubits; and from the altar and upward shall be four horns.
16 And the **altar shall be twelve cubits long, twelve broad, square in the four squares thereof.**

The Altar was measured 12 cubits by 12 cubits making it 144 square cubits.

Now this is how we will understand the Revelation prophesy statement during this measurement.

In the measuring of the WALL.

Rev 21:17 And he measured the wall thereof, an hundred and forty and four cubits, **according to the measure of a man**, that is, of the angel.

We see 144 cubits of the wall according to the measure of a mans stature.

144 men on the surrounding wall is rows of soldiers of the 12 tribes of 12000 each the front row is covering the head of each row counted. 1 man for a row with 999 behind him.

This is the counsel of Jethro to mozes that the measure mozes was used to set captains over 1000.

Exodus 18:21 Moreover thou shalt provide out of all the people able men, such as fear God, men of truth, hating covetousness; and place such over them, to be **rulers of thousands**, and rulers of hundreds, rulers of fifties, and rulers of tens:

Deut 1:15 So I took the chief of your tribes, wise men, and known, and made them heads over you, **captains over thousands**, and captains over hundreds, and captains over fifties, and captains over tens, and officers among your tribes.

These 144 men are the row ranks of the captains over 1000s.

Rev 21:17 And he measured the wall thereof, an hundred and forty and four cubits, **according to the measure of a man**, that is, of the angel.

Here in the picture above we can use this as an example of this measurement which would be a wall of men 18 cubits according to this measurement of a man which is 18 mens length on this wall.

So the wall we are looking at in the prophesy is 144 men with 1000 ranks.

Rev 21:17 And he measured the wall thereof, an hundred and forty and four cubits, **according to the measure of a man**, that is, of the angel.

This is the wall of 1000 troops per row of 144 men, the wall of 144,000 soldiers.

Wall of Soldiers
