

Eating bugs.

The prophetic forewarning for the Church and image of the Church of end times is seen in the prophet John.

John went into wilderness surviving on locusts and honey before Christ was revealed.

Matt 3:1 In those days came John the Baptist, preaching **in the wilderness** of Judaea,

John was in the wilderness.

Matt 3:4 And the same John had his raiment of camel's hair, and a leathern girdle about his loins; and his meat was locusts and wild honey.

John was clothed in sackclothe eating locust and honey.

This was done before John beheld the revealing of Christ the LAMB.

John 1:29 The next day John seeth Jesus coming unto him, and saith, **Behold the Lamb of God**, which taketh away the sin of the world.

This was a prophetic sign of what would occur to the Church in the end.

The Church will be eating locusts to survive in wilderness before LAMB is revealed from heaven.

Rev 12:6 And **the woman fled into the wilderness**, where she hath a place prepared of God, that **they should feed her** there a thousand two hundred and threescore days.

They will eat locusts and honey like John.

The woman will be clothed for 1260 days with sackclothe tents in the wilderness of petra where the bediuns make tents of black goat hair sackclothe.

This is confirmed by two prophets clothed during the same period for 1260 days in sackclothe.

Rev 11:3 And I will give power unto my two witnesses, and they shall prophesy a thousand two hundred and threescore days, **clothed in sackcloth**.

The lamb of God is then revealed from Heaven after the 1260 days.

Rev 6:16 And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and **from the wrath of the Lamb**:

This is the sign of john eating bugs of the end times.
