

## Fourth trumpet

The fourth trumpet is a sign to the earth in the heavens and earth that the third of the earth being destroyed and third of the angels are fallen.

It begins to give signs using terms about the sun and moon and the stars.

Rev 8:12 And the fourth angel sounded, and the third part of the sun was smitten, and the third part of the moon, **and the third part of the stars;** so as the **third part of them was darkened**, and the day shone not for a third part of it, and the night likewise.

First looking at the darkening third part of the stars.

It begins to explain about the sun, moon and stars that a third part of each of them are darkened.

The stars are the angels of heaven and a third of them at the third trumpet were just thrown out of heaven with satan.

Rev 12:3 And there appeared another wonder in heaven; and behold **a great red dragon**, having seven heads and ten horns, and seven crowns upon his heads.

Rev 12:4 And **his tail drew the third part of the stars of heaven, and did cast them to the earth:** and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born.

We know these third of the stars thrown to earth are the third of the angels.

Rev 12:9 And **the great dragon was cast out**, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and **his angels were cast out with him.**

These were darkened meaning they fell from glory.

Here again is Christ declaring His seven angels are stars.

Rev 1:20 The mystery of the seven stars which thou sawest in my right hand, and the seven golden candlesticks. **The seven stars are the angels of the seven churches:** and the seven candlesticks which thou sawest are the seven churches.

The third of the angels were cast down prior in the third trumpet.

Now looking to the visible signs of the Sun and the Moon in this prophesy.

Rev 8:12 And the fourth angel sounded, and the **third part of the sun was smitten, and the third part of the moon**, and the third part of the stars; so as the third part of them was darkened, and the **day shone not for a third part of it, and the night likewise.**

Third part of the sun and the moon were darkened and third part of the day and night was effected

This is a sign in the sun that occurs that makes everyone able to see this sign on earth.

The sun is the key here because everyone depends on the sun.

The sign of the sun was also used by God before to king Hezekiah with the sun dial of Ahaz.

Isaiah 38:7 And this shall be a **sign unto thee from the Lord**, that the Lord will do this thing that he hath spoken;

Isaiah 38:8 Behold, I will bring again the shadow of the degrees, which is gone down in the sun dial of Ahaz, ten degrees backward. **So the sun returned ten degrees**, by which degrees it was gone down.

The Lord made the shadow of the sun change change as a sign.

In the end the Lord is going to make the shadow of the sun change on the earth and the moon but this will be one third.

But Hezekiah had the shadow of the sun sign to him that he would live.

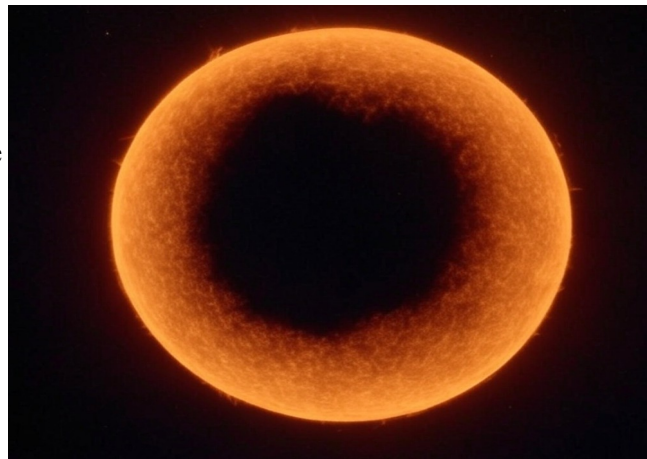

The fourth trumpet is the sign of the shadow on the sun that one third of the earth is going to die.

The sun is going to be darkened with a Sun spot one third the size of the sun.

This occurs as the suns activity is goign to become very problematic.

“Large sunspots are dark, cooler regions on the Sun's surface caused by intense magnetic activity, and they can be visible without magnification from Earth, spanning from hundreds to tens of thousands of miles across”

<https://en.wikipedia.org/wiki/Sunspot>

 ,000 mi).<sup>[4]</sup> Larger sunspots can be visible from Earth without the aid of a [telescope](#).<sup>[5]</sup> They may travel at [relative speeds](#), or [proper motions](#), of a few hundred meters per second when they first emerge.

Indicating intense magnetic activity, sunspots accompany other active region phenomena such as [coronal loops](#), [prominences](#), and [reconnection](#) events. Most [solar flares](#) and [coronal mass ejections](#) originate in these magnetically active regions around visible sunspot groupings. Similar phenomena indirectly observed on [stars](#) other than the Sun are commonly called [starspots](#), and both light and dark spots have been measured.<sup>[6]</sup>

## History [\[ edit \]](#)

*For broader coverage of this topic: see [Solar observation](#)*

Sun spots and the magnetic activity disruption is a precursor to a solar flare.

The size of this sunspot proportion is massive its one third the size of the sun and the solar flare to come off it at the fourth bowl following the fourth trumpet will be massive.

This is sun spot is before the solar flare in the fourth bowl called a Coronal Mass Ejection.

This will be covered in the Fourth bowl prophesy.

Coronal Mass Ejections (CMEs), large expulsions of plasma and magnetic fields from the Sun's corona, **often originate near sunspots** and can disrupt the flow of the solar wind, potentially leading to geomagnetic storms and auroras.

[https://en.wikipedia.org/wiki/Coronal\\_mass\\_ejection](https://en.wikipedia.org/wiki/Coronal_mass_ejection)

Rev 8:12 And the fourth angel sounded, and the **third part of the sun was smitten, and the third part of the moon**, and the third part of the stars; so as the third part of them was darkened, and the **day shone not for a third part of it, and the night likewise.**

The fourth trumpet of the third of the suns light darkening the day and night by one third is the sign like the sign of Hezekiah.

The sign of Hezekiah was the sun shadow was turned back to give Hezekiah more life..

The sign of the end the sun is darkened with third and its shadow a third as warning to earth that a third of the angels have been darkend and a third of the earth will be die.

Rev 9:15 And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, **for to slay the third part of men.**

Rev 9:18 By these three **was the third part of men killed**, by the fire, and by the smoke, and by the brimstone, which issued out of their mouths.

The third of the sun is the prophetic warning given to all earth so all are without excuse.

The fourth trumpet the third of the sun covered with darkness of a sun spot.

Fourth trumpet
