

Measuring rod

The temple measuring rod is a prophesy of the end times that will reveal that the Third Temple in Jerusalem is not the Temple of the Messiah.

They mocked Christ with a reed as a rod and the Lord will use a reed as a rod mock their temple.

The clues for this are found in the prophets of old and the end times prophesy.

The prophesy of Ezekiel first begins to explain about the measurements of the Messianic temple.

Ezek 40:2 In the visions of God brought he me into the land of Israel, and set me upon a very high mountain, by which was as the frame of a city on the south.

Ezek 40:3 And he brought me thither, and, behold, **there was a man**, whose appearance was like the appearance of brass, with **a line of flax in his hand**, and **a measuring reed**; and **he stood in the gate**.

Ezek 40:4 And the man said unto me, Son of man, behold with thine eyes, and hear with thine ears, and set thine heart upon all that I shall shew thee; for to the intent that I might shew them unto thee art thou brought hither: **declare all that thou seest to the house of Israel**.

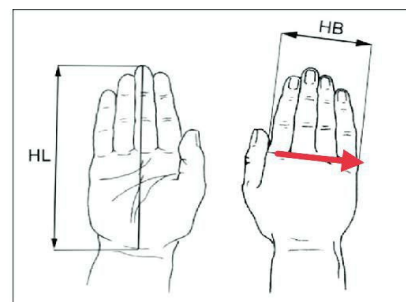

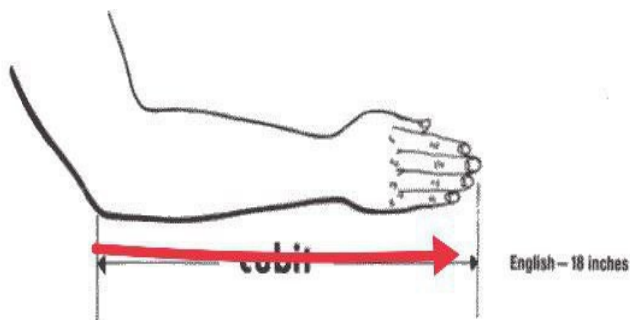

There was man with a measuring line and a measuring reed at the gate of the Temple and he said to measure and declare all that you see to the house of Israel.

The first thing that he measures is the Wall on the outside of the Gate.

Ezek 40:5 And **behold a wall on the outside of the house round about**, and **in the man's hand a measuring reed of six cubits long by the cubit and an hand breadth**: so he measured the breadth of the building, one reed; and the height, one reed.

He measures the Breadth of the building and the Height ONE REED.

This one REED is given measurement of Six cubits of a cubit and hand breath.each.

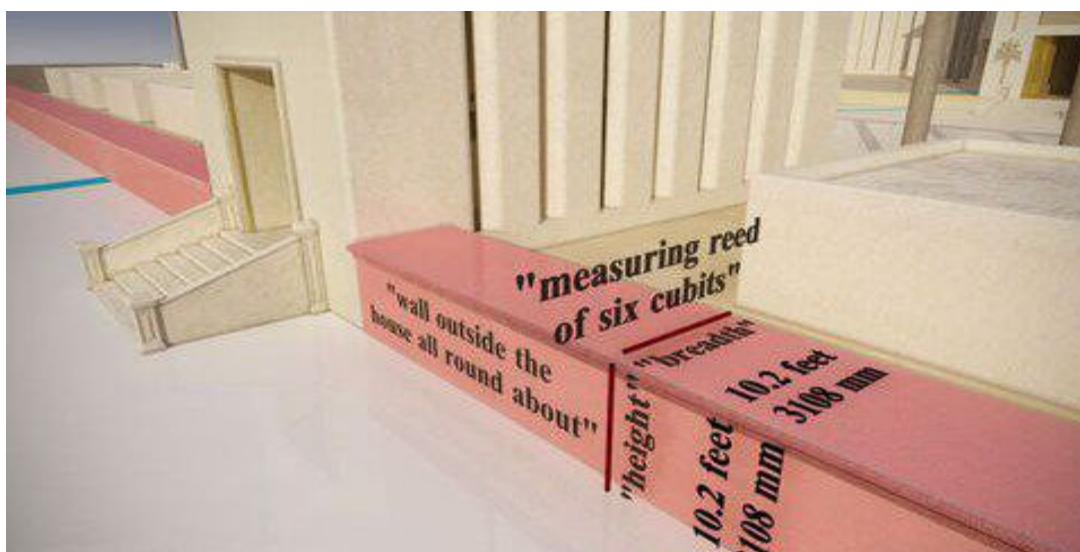

This is what is used to show the measure of this reeds length.

In the Amplified bible it gives a length of this 10.2 feet.

Measurements Relating to the Temple

Ezek 40:5 And behold, there was a wall all around the outside [area] of the temple (house) [of the Lord], and in the man's hand a measuring rod **six cubits long (10.2 ft.)**, [a]each [b]cubit being longer than the [c]standard one by a hand width. So he measured the **thickness of the wall**, one rod; and the height, one rod.

The walls thickness is one reed according to this measure thick and the the walls height is one measure according to the reed high.

This is what the wall will look like at the Messiahs Temple in Jerusalem.

Ezekiel saw a man as an angel of brass coming to measure which is a prophetic foreshadow of the one who comes to measure the temple in the end times.

John was given a reed like a rod and told to go measure the temple of God.

Revelation 11:1 And **there was given me a reed like unto a rod**: and the angel stood, saying, Rise, and **measure the temple of God, and the altar, and them that worship therein.**

Revelation 11:2 But the court which is without the temple leave out, and **measure it not**; for it is given unto the Gentiles: and **the holy city shall they tread under foot forty and two months.**

This is two given a reed in the measuring of temple as prophetic signs of another to come according to the law of two witnesses..

Deut 19:15 One witness shall not rise up against a man for any iniquity, or for any sin, in any sin that he sinneth: **at the mouth of two witnesses, or at the mouth of three witnesses, shall the matter be established.**

The prophet of the end times will come with a reed as a rod as and is foreshadowed in John the baptist.

Christ said of John is one standing on the river bank like a reed shaken by the wind.

Matt 11:7 And as they departed, Jesus began to say unto the multitudes **concerning John, What went ye out into the wilderness to see? A reed shaken with the wind?**

Matt 11:8 But what went ye out for to see? A man clothed in soft raiment? behold, they that wear soft clothing are in kings' houses.

Matt 11:9 But what went ye out for to see? A prophet? yea, I say unto you, and more than a prophet.

He is much more then a prophet but a sign of whats also to come.

Matt 11:14 And if ye will receive it, **this is Elias, which was for to come.**

Matt 11:15 He that hath ears to hear, let him hear.

The measurement of the reed at the river banks of the Jordan are the Arundo Donax

giant reed grass - heartlandgardening

Twelve Days of Christmas: #11 ... Arundo donax or giant reed grass is an impressive specimen in the garden at 10 to 15 feet tall and easily spreading five to six ...

The measure of the Reed is average 10 feet tall.

The prophet to come... will have a reed as a rod.

Who had a rod?

Numbers 17:10 And the Lord said unto Moses, **Bring Aaron's rod** again before the testimony, to be kept for a token against the rebels; and thou shalt quite take away their murmurings from me, that they die not.

Was it not Moses and Aaron with rods?

Was it not Christ who they mocked with a reed as a rod in His hand?

Matt 27:29 And when they had platted a crown of thorns, they put it upon his head, **and a reed in his right hand:** and they bowed the knee before him, and mocked him, saying, Hail, King of the Jews!

Mocking the Messiah with a reed as a rod in his hand?

That same Reed as a rod will become their mocking of their fake messiahs temple.

Like John the baptist, like Moses, like Ezeziels bronze man, like John the apostle and like Christ.

A Reed like a rod in the hand will be seen by that prophet as a sign.

Do you see the reed shaken in the wind ?

The people attempting to build this Third Temple in Jerusalem have models they have built to the exact design of thier view of the messiahs temple.

<https://thirdtemple.org/en/architecture/>

They say this coming Third Temple is the Temple of Ezekiel.

thirdtemple.org/en/architecture

Team of architects for the construction of the 3rd Temple

Our team of architects is responsible for the preparation of plans for the Third Temple.

They honor the prophecy of Ezekiel, based on the comments of Rashi, along with those of the Vilna Gaon, Malbim and Ramchal. Each of whom clarified and made accessible Verses 40-47 of the Book of Ezekiel.

thirdtemple.org/en/architecture

The exact model of the Third Temple is already prepared and was created on a scale of 1/50. It can be viewed at the Visitors Center that will open its doors in Jerusalem in 2025.

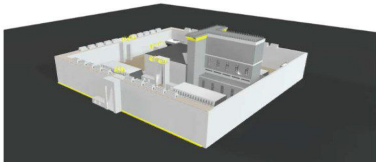

The square building, which is 150 meters long and 150 meters wide, and of varying heights, can be seen throughout Jerusalem. Construction will begin once these plans receive approval from the Jerusalem Municipality (Building Permit).

They have the model revealed for what they say is the Ezekiel Temple for the Messiah.

 [Ask all your questions](#)

If we want, we can build the 

When we see what is told to John....

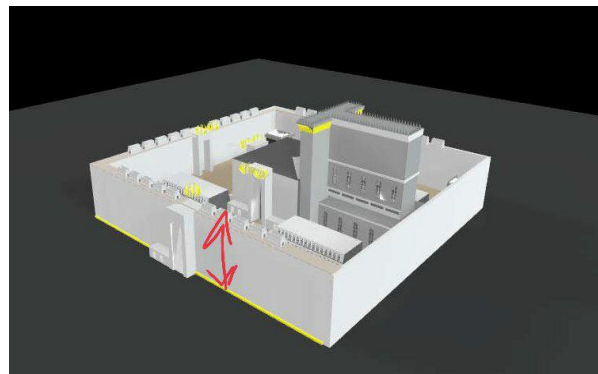

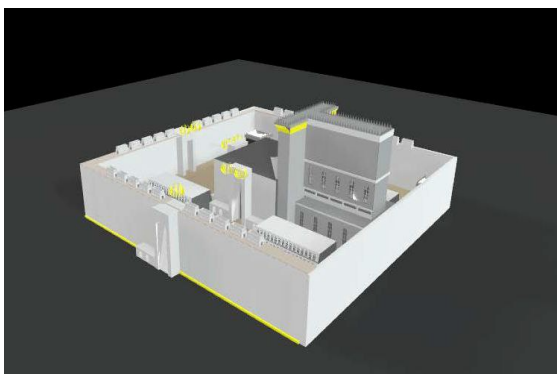

To take the REED LIKE A ROD and MEASURE THE TEMPLE...IN JERUSALEM.

Rev 11:1 And there **was given me a reed like unto a rod: and the angel stood, saying, Rise, and measure the temple of God, and the altar, and them that worship therein.**

Rev 11:2 But the court which is without the temple leave out, and measure it not; for it is given unto the Gentiles: and the holy city shall they tread under foot forty and two months.

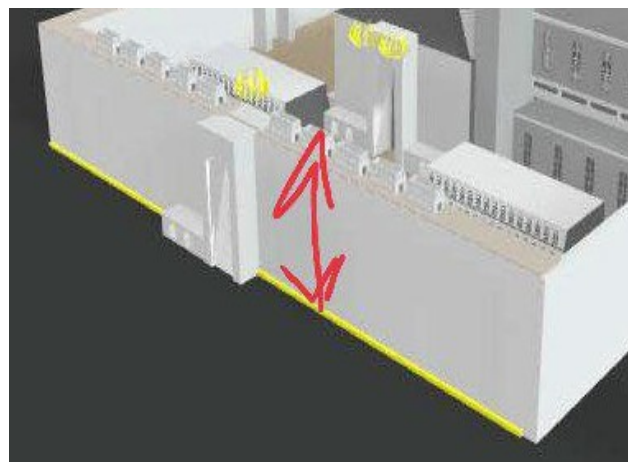

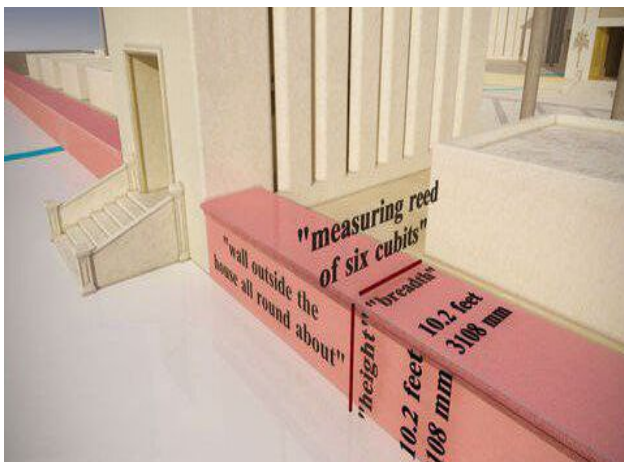

Rev 11:3 And I will give power unto my two witnesses, and they shall prophesy a thousand two hundred and threescore days, clothed in sackcloth.

That two prophets will come at this time to measure that temple ... We look at their model with the measure of the reed as a rod ...

We take that Reed as a rod and measure that temple wall and find out its too high.... that its not the temple of Ezekiel...

Ezek 40:5 And behold, there **was a wall all around the outside** [area] of the temple (house) [of the Lord], and in the man's hand a measuring rod **six cubits long (10.2 ft.)**, [a]each [b]cubit being **longer than the [c]standard one by a hand width**. So he measured the **thickness of the wall, one rod; and the height, one rod.**

That wall they will build will be as high as the threshold and its not the temple of the Messiah.

I will measure that temple with my reed as a rod as you have seen here.

Rev 11:1 And there was given me **a reed like unto a rod:** and the angel stood, saying, Rise, and measure the temple of God, and the altar, **and them that worship therein.**

The people who also worship at this false temple will be measured by my reed as a rod...to the length they are worshiping a false messiah.

The measuring reed they mocked Christ with will be sent by His prophet as a tool of mockery to them in the end times.

Measuring rod
